**MANAGEMENT SYSTEM
CERTIFICATE**

Certificate no.: CERT-09918-2001-AQ-ML-SINCERT	Initial certification date: 31 December 2001	Valid: 09 July 2021 - 01 July 2024 Expiry date of last certification cycle: 01 July 2021 Date of last re-certification: 18 May 2021
---	---	--

This is to certify that the management system of
DND MARTINELLI S.r.l.
Località Piani di Mura, 2 - 25070 Casto (BS) - Italy

has been found to conform to the Quality Management System standard:
ISO 9001:2015

This certificate is valid for the following scope:
**Design and manufacturing of door and window handles and accessories.
(IAF: 17)**

Place and date:
Venezia (VE), 09 July 2021

ACCREDIA

resistenza al fuoco / fire resistance

Attestati di resistenza al fuoco EN 1634-2 ED. 2008

Test di resistenza al fuoco e al fumo per porte, finestre, serrature e componenti di ferramenta da costruzione. I prodotti Dnd possono essere utilizzati per installazioni su porte e finestre che hanno ottenuto la certificazione EN 1634-2 e che hanno dimostrato di possedere la medesima resistenza al fuoco.

Attestation of fire resistance EN 1634-2 ED. 2008

Fire resistance and smoke control tests for door, shutter and openable window assemblies and elements of building hardware. The Dnd products can be used for installation on doors and openable windows of similar type that had been tested according to EN 1634-2, and have been shown to have at last the same fire resistance.

minimal,
elegant,
Unico

www.mengual.com

Il sistema Unico / *Unico, the system* Ø 30 mm

Porta / Door

Unico è il nuovo sistema per porte – ideato da Dnd – che riduce al minimo l'impatto visivo della rosetta sulla maniglia, valorizzandone così il design: una soluzione tecnica ed estetica ideale per gli ambienti contemporanei. Grazie al suo piccolo volume, risulta poco visibile: misura solo 30 mm di diametro e 2 mm di spessore. Il sistema, proposto in forma rotonda, è facile da installare e prevede la realizzazione di un foro da 22 mm sulla porta.

Il nuovo sistema Unico è disponibile anche per serramenti, su cui la discrezione della rosetta – di soli 34 mm di diametro e 10 mm di spessore – esalta pienamente la forma e il disegno della maniglia.

Sistema DK a 8 scatti, facile da installare con la realizzazione di un foro da 13 mm sul serramento.

Finestra / Window

Unico is the new system for doors – designed by Dnd – that minimises the visual impact of the rose on the handle, thus enhancing its design: a technical and aesthetic solution that is ideal for contemporary interiors. Thanks to its small volume, it is hardly visible: it measures only 30 mm in diameter and 2 mm thick. The system, which comes in a round shape, is easy to install and requires a 22 mm hole to be drilled in the door.

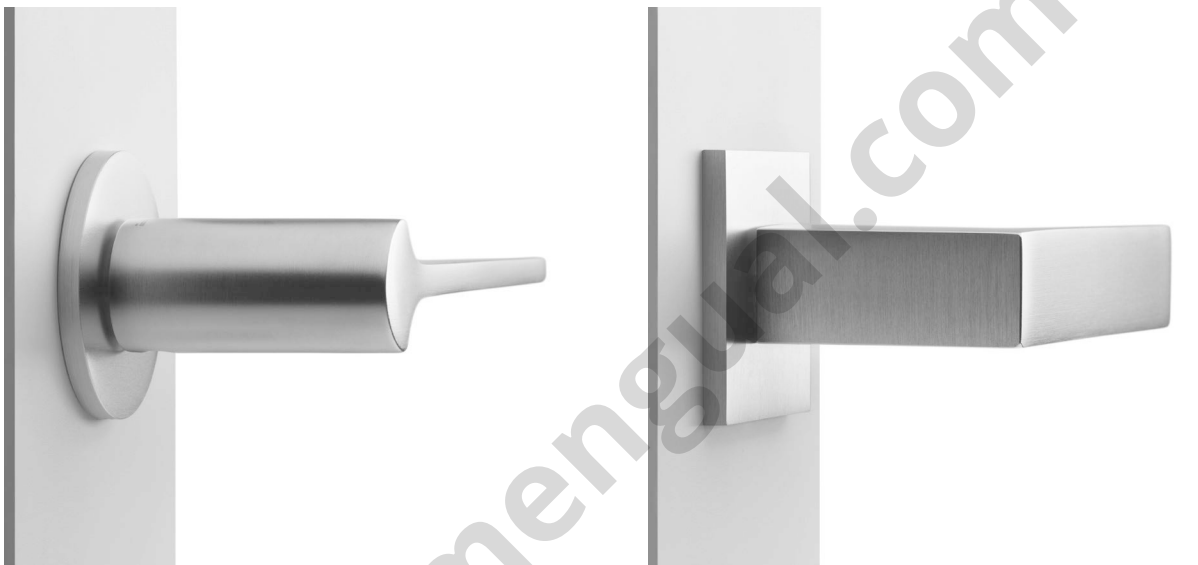

The new Unico system is also available for windows, where the discretion of the rose – just 34 mm in diameter and 10 mm in thickness – fully enhances the shape and design of the handle.

DK 8 position-system, easy to install by drilling a 13 mm hole in the frame.

Sistema Less is fine / *Less is fine system* **4 mm**

Porta / Door

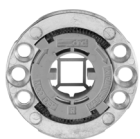

Il sistema Less is fine - di soli 4 mm - nasce grazie alle nuove tendenze dell'architettura. In soli 4 mm si trova la rosetta metallica con con molla uni-direzionale destra o sinistra - a compressione -, la quale permette un'installazione senza lavorazioni aggiuntive sulla porta. Brevetto Dnd.

The Less is fine system has a thickness of just 4 mm. It has been developed in tune with the latest design trends. A patented uni-directional left or right spring-loaded metal backplate facilitates installation. Dnd patent.

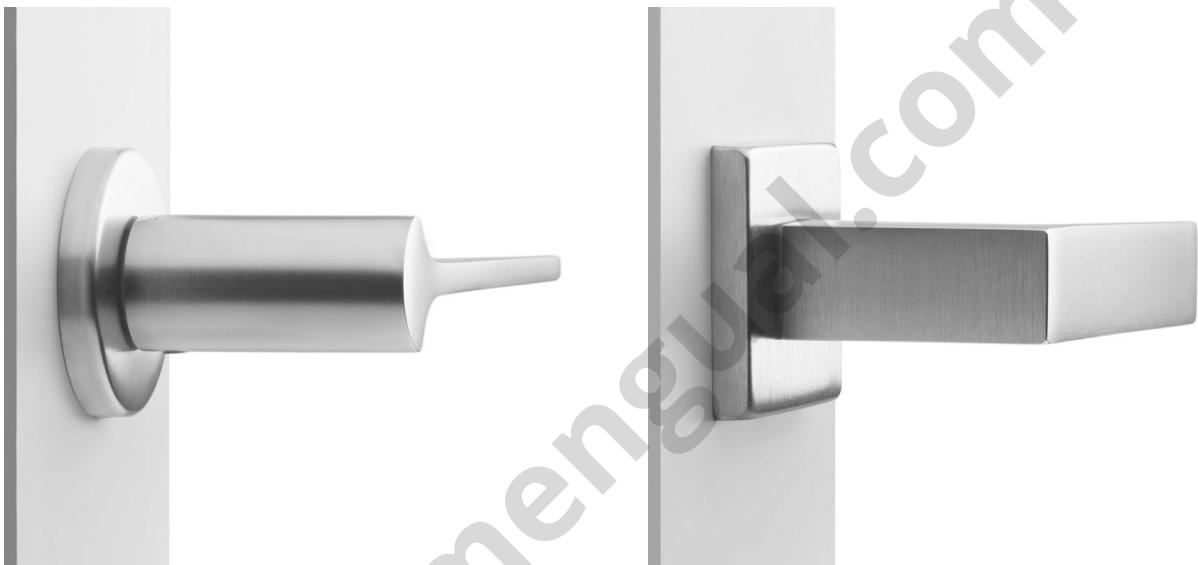

Componenti tecnici / *Technical components*

Less is fine

Sistema VIS / VIS system 7 mm

Porta / Door

Componenti realizzati in nylon PA6 con molla uni-direzionale destra o sinistra. Rosette con diametro 50 mm e spessore 7 mm. Fori per fissaggio legno e interasse 38 mm per viti a connessione con o senza bussole.
Il sistema e la molla interna sono stati testati e certificati dal Laboratorio AQM - Cert.2012-1000/Ppe, in base all'normativa UNI EN 1906.

The parts are made with PA6 nylon, with uni-directional left or right spring. The backplate has a diameter of 50 mm and a thickness of 7 mm. Holes for attachment to wood, 38 mm centering, with or without connector nuts. The inner spring and system are certified by AQM - Cert.2012-1000/Ppe in keeping with UNI EN 1906 standards.

Componenti tecnici / Technical components

VIS

Test di tenuta e usura dei componenti meccanici. Simulazione di apertura e chiusura oltre 200.000 cicli.

Categoria d'uso

Grado 3: alta frequenza d'uso da parte del pubblico o scarsa cura; alte probabilità d'uso improprio.

Durabilità

Grado 7: frequenza d'uso elevata 200.000 cicli.

Azionamento

Tipo B, serrature caricate a molla.

VIS

Mechanical components wear and tear test. Opening and closing simulation to more than 200.000 cycles.

Category of use

Grade 3: high frequenc of use by the public or others with little incentive to exercise care and with a high chance of misuse.

Durability

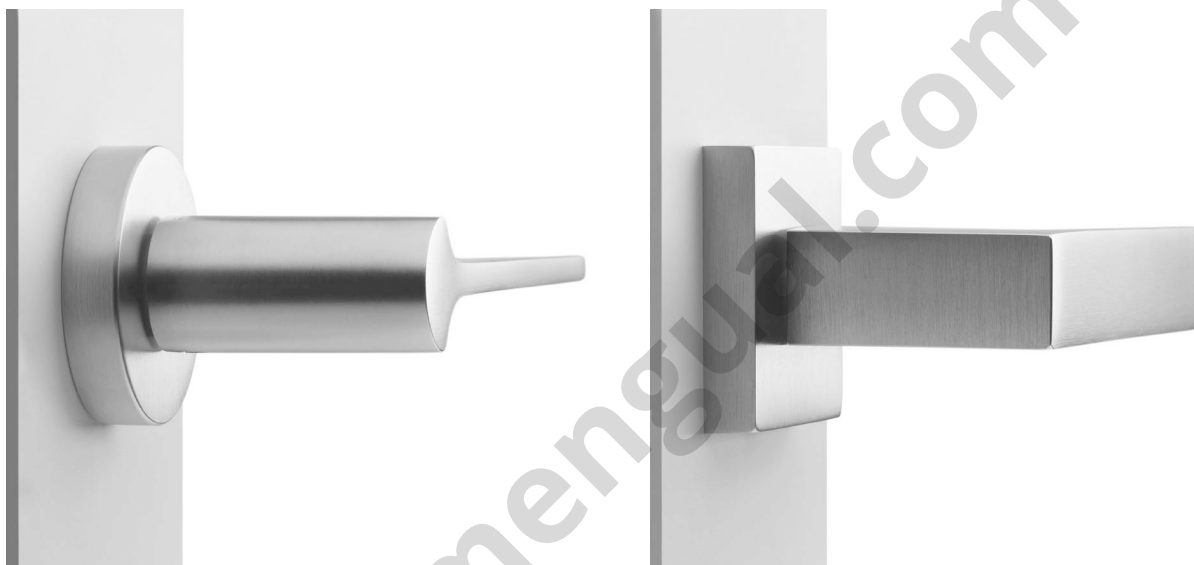

Grade 7: high frequency of use 200.000 cycles.

Type of operation

B spring-loaded furniture.

Sistema 52 / 52 system 10 mm

Porta / Door

Componenti realizzati in metallo con molla bi-direzionale destra/sinistra.

Rosette con diametro 52 mm e spessore 10 mm.

Fori per fissaggio legno e interasse 38 mm per viti a connessione con o senza bussole.

The parts are in metal, with bi-directional left/right spring. The backplates have a diameter of 52 mm and a thickness of 10 mm. Holes for attachment to wood, 38 mm centering, with or without connector nuts.

52 52

Componenti tecnici / Technical components

52

DK VIS 9 mm

Finestra / Window

Il DK VIS nasce dall'esigenza di ottenere un sistema esteticamente combinato con il sistema VIS per porta. Le componenti tecniche restano così più discrete e lasciano pieno spazio al design della maniglia. Un meccanismo facile e veloce da montare, senza la necessità di lavorazioni sul serramento.

Il DK anti intrusione con pulsante di sicurezza.

Sempre in 9 mm, sempre senza lavorazioni. Studiato appositamente per evitare che, forando il serramento dall'esterno, sia possibile azionare il meccanismo. TSDK non richiede lavorazioni e può essere installato anche in sostituzione a modelli precedenti. Inoltre è configurabile con tutti i modelli a catalogo.

DK VIS TS 9 mm

DK VIS is the result of the need for aesthetic coordination with the VIS system for doors. The technical components remain more discreet to offer greater freedom in the design of the handle. The mechanism is easy and quick to assemble.

The DK anti-intrusion model with security latch.

Still with a thickness of 9 mm, without the need for complicated installation operations. Specially designed to avoid the possibility of opening by drilling from the outside. TSDK does not require machining and can also be installed in place of previous models. It can also be coordinated with all the models in the catalogue.

forte®

PVD, alta qualità nella tecnologia del rivestimento

forte® è il termine coniato da Dnd per identificare e dare enfasi alla speciale finitura per maniglie che si ottiene grazie alla tecnologia di rivestimento PVD.

Acronimo di **Physical Vapour Deposition**, PVD è una tecnologia di rivestimento per prodotti di alta qualità dalle eccellenti caratteristiche chimiche e tecniche, quali alta durezza, resistenza all'abrasione, ai graffi e alla corrosione.

Un rivestimento che è **perfettamente sostenibile**, a impatto ambientale ridotto e **ipoallergenico**.

PVD: high quality in coating technology

forte® is the term coined by Dnd to identify and emphasise the special finish for handles that is achieved thanks to PVD coating technology.

An acronym for **Physical Vapour Deposition**, PVD is a coating technology for high quality products with excellent chemical and technical characteristics, such as high hardness, resistance to abrasion, scratching and corrosion.

A coating that is **perfectly sustainable**, with low environmental impact and it is **hypoallergenic**.
